

# A12 *Automatic stacker*

TECHNICAL DATA	
Net weight	kg 224
Production	1800 pairs/h
Installed power	kW 0.55
Size	mm 1500 x 980 x 1060 h

The automatic stacker efficiently handles pieces from a production cycle, featuring a conveyor belt and a turntable divided into 12 sectors. A programmable work counter allows for precise presetting of the number of pieces in each sector. This compact machine is ideal for integration into any production cycle with multiple operations.
